CHURCH REUNION.

Did Home Evening Held by Methodists -Pastor Nuzum Reports on Work.

The annual reunion of the Methodist thurch was held in the church pariors Fhursdey night and brought out over 150 members. The occasion is a sort of "old home" evening for the church, when the annual rollcall is taken and the members of the church meet for a social time and the renewing of ac-quantanceship. Rev. Louis M. Flocken and Rev. Mr. Horton, former pastors,

who were expected to be present and deliver addresses, were unable to come. After the rolicall there were various reports from the different organizations of the church, including the Sorority and Campfire Girls, two new societies. All the reports showed a flourishing condition of affairs, that of the Ladies' Aid society in particular while the remarks of C. L. Clinton, president of the Men's club, were highly entertaining.

ing.

The following reported: Sunday school, by Supt. F. P. Davoll; Epworth league, by Annie Battey; Woman's Foreign Missionary society, by Mrs. E. J. Capen: Home Missions, by Mrs. Fannie Martin; Ladies' Aid, by Mrs. Wesley Morse; Sorority, by Annie Battey; Campfire Girls, by Miriam Nuzum; Men's club, by C. L. Clinton. Rev. Willard O. Nuzum, pastor of the church, who presided over the gathering, then made a brief but comprehen-

ing, then made a brief but comprehensive report of the church's activities during the past year, stating that a pastor's report at an annual meeting was an innovation in the Methodist church, but one of which he heartily approved. His report showed that 50 new members had been added to the roll during the year. He took occasion to compilment the members upon their foresight in erecting the business building on their property, and the committee upon their arduous labor in carrying out the project, which, he said, was equivalent to a \$10,000 endowment to the church or would be in the near future. He also touched upon the success of evangelistic work during the year, the new organizaing, then made a brief but comprehen-

a line and all present went forward and were given a cordial handshake of greeting. Refreshments were served at the conclusion of a very pleasant social gathering.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look Mother! If Tongue is Coated Give "California Syrup of Figs" to Clean

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomeat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's Ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit iaxative." and it never fails to fruit laxative," and it never effect a good "inside" cleansing. Di-rections for babies, children of all ages and grown-ups are plainly on the bot-

Keep it handy in your home. A little given today saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "Cali-fornia Fig Syrup Company." Counterelts are being sold here. Don't be

away and take a cure for the habit, and with that underst adding judgment was suspended in his case. One man who was in town Thursday from Stafford, where Tracy's wife comes from, said he at times acted "crazy as a loon," but the verdict of the officials hereabouts seems to be that he is bright enough if it were not for his bad habit of drinking too much. Mortality in 1913 Less Than in 1912.

There were 207 deaths in the town Windham during 1913, 45 less than of Windham during 1913, 45 less than in the previous year. Of these 115 were males and 95 females. In 1912 these numbers stood at 145 and 107. February and August were responsible for the largest number of deaths, 21 apiece, while May with 13 and July and October with 14, had the least,

upon the success of evangelistic work during the year, the new organizations of the church life, the efficient choir, and the event to come, the annual conference, for which so many plans have been laid. This, said Mr. Nuzum, will prove an epochal event in the life of the church.

During an interval in the reports the choir responded with an anthem which was heartly applauded. After the business of the meeting was over the committee and the pastor formed a line and all present went forward.

Mack May Have to Leave leam.

There is some danger of the Emeralds losing on of their star basketball players. Mack, who has played left forward recently with the team, acting also as coach, has a bad knee, and it has received several bumps in recent games which in no way helped matters. The injury was received about a year ago, and consists of a twisted lignment.

During the time he has been with the team their teamwork has improved a great deal, until they are now one

the team their teamwork has improved a great deal, until they are now one of the fastest semi-professional teams in the state, and Mack has, in the opinion of the fans, been responsible for a great deal of the improvement. He will at any rate stay with the Emeralds as coach and utility player, and those who go with such regularity to cheer for the speedy little team are hoping he will still be seen in the line-up, but this is extremely doubtful. He is a fast heady player, and the recent addition to the team, Russell, who put up such a fast game Wednesday night, is a tribute to Mack's coaching abil-

OBITUARY. James McCarthy.

A telephone message from the au-thorities in Providence, R. I., was re-ceived by Chief E. H. Richmond Thursday afternoon stating that a man named James McCarthy was dead at the Rhode Island hospital in that city. The dead man was said to be about 50 years old, and to have a brother named Timothy McCarthy in this city. Patrolman Paulhus was detailed to locate the brother, if possible, and find out what disposition he wished made of the body.

The Situation at Packer.

The dam at the big pond at Packer is breaking away. Men are watching at night. The cap has been taken away and all efforts to cut off the force of water does not appear to relieve the strain. It is feared that the entire mill village may be flooded if the dam goes and even if it holds for the present it is liable to go at any time. Nothing could save the lower dam if the big one gives out, Packer.
